

PARAPROFESSIONAL WEBINARS

Public Consulting Group's Project Success delivers targeted professional development and coaching designed specifically for educators who support students with disabilities.

www.pcgprojectsuccess.com

Project Success is excited to again offer our three-part Paraprofessional Webinar series for the 2024-2025 school year. Registration is for three (3) 90 minute sessions of targeted, live professional learning delivered via Zoom by a Project Success subject matter expert.

Session I: Supporting Students with Disabilities

Session Topics Include:

- High expectations for students with disabilities
- Communication with classroom teachers
- Supports and services available for students with disabilities

Session II: Strategies to Support Behavior in the Classroom

Sessions Topics Include:

- Potential functions of student behavior
- Strategies to proactively support student behavior
- Methods for responding to challenging student behavior

Session III: Instructional Strategies for Students with Disabilities

Session Topics Include:

- Levels of prompting
- Promoting independence during instruction
- Key elements of productive feedback

AT A GLANCE

Grant Funding Available!

Project Success

Registration includes participant engagement guide with online paraprofessional tool kit. A professional growth certificate will be provided. Each session will incorporate opportunities for active engagement and collaboration among participants, with polls, quizzes, digital whiteboards, breakout rooms, and more.
